December 5 – Responding to an Emergency: Be ready to hit the ground running!

Tyler Steen, South Dakota Office of Emergency Management

When a disaster strikes, local communities look for businesses that are ready to help with the recovery process. This webinar will focus on what your business can do to be ready when emergency situations occur, and the steps you need to take to be prepared to respond quickly.

January 9 – Start Your Contracting Year Off with a Tune-Up

Kareen Dougherty, SD Procurement Technical Assistance Center (PTAC)

Annually you should review and update your information on federal databases and registrations. This webinar will give you a starting point on checks and updates you can make to make to be sure your information is current and visible to government agencies and prime contractors.

February 6 – System for Award Management (SAM) and Dynamic Small Business Search (DSBS) Registrations

Pat Dotter, MN Department of Administration Procurement Technical Assistance Center (PTAC)

From layout to data, SAM.gov has made dozens of minor and significant changes. Search queries, NAICS code information; self-certification, etc., are just some of the topics that have been modified in this federal database that, as a government contractor, you are required to be registered in and to keep updated annually. Join this webinar to learn more about the SAM.gov registration process, as well as its changes, along with updates to SBA's Dynamic Small Business Search (DSBS) database - your electronic capability statement for the government.
